I Spy a Spider

Where can you find information
on spiders?

You'll have to become a spider spy to find the answer to the question above. There are 14 spiders hanging out in your library. They are numbered, so you'll know when you've found them all. On each spider is a letter from the answer. Write the letters down by the matching spider on this worksheet. When you have found them all, unscramble the letters to solve the mystery.
